Welcome to Nha Trang University (NTU) which is located in reputedly the most beautiful coastal city in Vietnam.

Nha Trang University is one of 50 public universities in Vietnam with nearly 55 years of history and development.

NTU was established as, and continues to be, a leading institution for education and training at undergraduate and postgraduate levels for the fisheries sector and other related industries of Vietnam.

Having established a strong foundation on fisheries and aquaculture, NTU is now a multi-level, and multi-discipline university in order to provide qualified human resources to meet the needs of the industrialization and modernization of Vietnam. NTU is gradually becoming a research-based university.

With a long history and proud tradition, NTU is developing cooperative partnerships with universities and research institutes in Vietnam and abroad in order to integrate its education and research activities into the region and the world and to ensure its students and faculty to meet the needs of the socio-economic development of the country.
